

Laundry Fire-Safety and Vent Log

Page 1

Clean the lint filter for every load. CPSC and USFA use at least annual dryer-vent cleaning as a baseline, with earlier action when symptoms change.

Dryer and vent record

Dryer manufacturer / model: _____

Gas or electric: _____

Installation location: _____

Vent material: _____

Approximate vent length: _____

Number of elbows: _____

Exterior termination: _____

Last professional service: _____

Every-load and monthly checks

- ☐ Lint filter cleaned before or after the load
- ☐ Filter is intact and fully seated
- ☐ Dryer is not unusually hot
- ☐ No burning, hot-lint, gas, or electrical odor
- ☐ Exterior flap opens during operation
- ☐ Laundry room is not unusually humid
- ☐ Transition duct is not crushed
- ☐ Drying time remains near the household baseline

Dryer Vent Inspection and Cleaning Record

Stop use for smoke, burning odor, gas odor, CO alarm, scorched duct, melted plug, or severe overheating.

Inspection log

Date	Filter / slot	Transition duct	Exterior flap / airflow	Action

Vent cleaning / service

Service date: _____

Service provider: _____

Method / access points: _____

Duct damage or disconnection: _____

Airflow after service: _____

Next inspection date: _____

Washer and Laundry-Room Maintenance

Do not mix bleach with vinegar, ammonia, acids, or unknown cleaners. Follow the exact washer and detergent instructions.

Front-load washer

- ☐ Wet laundry removed promptly
- ☐ Door gasket checked and dried
- ☐ Detergent drawer checked and cleaned
- ☐ Correct HE detergent and dose used
- ☐ Manufacturer cleaning cycle completed
- ☐ Owner-accessible filter serviced according to manual
- ☐ Drain hose and standpipe show no leak or odor problem
- ☐ Door left in approved drying position when safe

Room and safety

- ☐ CO alarms present where fuel-burning equipment requires them
- ☐ Laundry-room humidity checked during indoor drying
- ☐ No flammable liquid stored near dryer or water heater
- ☐ Cords, outlets, hoses and gas connectors visually sound
- ☐ Appliance recall search completed

Washer cleaning date: _____

Dryer vent cleaning date: _____

Recall search date: _____

Notes / service: _____
